Dear Parents and Carers,

### KEEPING YOUR CHILDREN SAFE ONLINE

#### Snapchat Update

I would like to take this opportunity to remind parents that children need to be over 13 years old to use this app. However, the latest update to the *Snapchat* app includes a new feature called *Snap Map*, a virtual map that displays your exact location to your friends list. If you know that your son/daughter uses the app and don't wish their location to be made public, the following instructions will help you to disable this feature.

- 1) Click on the ghost icon in the top left hand corner
- 2) Click the setting cog in the top right hand corner
- 3) Scroll down to "who can" and click "see my location"
- 4) Enable ghost mode

Kind regards

Mrs Hart Dyke
